Dear IDIY Taro,

Thank you for using IDIY.

It was a real pleasure to read your essay—well done! You have put a lot of thought into how you express your ideas in English. Great effort!

Your sentences are clear in meaning, so they are easy to understand. You used some more complex structures too. Well done! Every time you write, you're strengthening your skills and gaining more confidence. I'm sure you will be a fluent English speaker!

Keep up the great work! I'm looking forward to reviewing more of your work.

Best wishes,
