What do you think?

〈英語での導入例〉

There are many ways to travel, as you know. Do you like to travel by train? By plane? By bicycle? Each type of transportation has its advantages and disadvantages. Let's watch a slide show and think about all the different means of transportation.

〈スライドショーのスク립ト〉 **CD①-83**

What kind of transportation do you like to use when you travel?

What kind of transportation do you use when you travel? Most people are used to traveling by train, bus, car, bicycle, or on foot. Each way of traveling has both advantages and disadvantages.

Many people choose to go by plane for long-distance trips. The main advantage of flying is that you can reach your destination quickly. This means you can spend longer there. Flying may be a little more expensive than other kinds of transportation, but it is less tiring.

On the other hand, many people choose to travel by train. It takes longer than flying, but you can enjoy the views of the passing scenery and conversations with other passengers. So what kind of transportation do you prefer?

〈英語での指導案〉

Allow the students a few minutes to write down their ideas before sharing them with their partner. Then have them work in groups. Direct them to use the phrases on page 26 if necessary.

Now let's work on "What do you think?" First, think about which kind of transportation you like best. You can use one of the examples listed on p.26, or you can use your own ideas. Then try to think of reasons and examples to support your choice. Once you finish, get together with a partner or in groups and share your ideas.

If necessary, give students some hints or elicit opinions from the whole class.

All right, everyone. If you don't have any ideas, you can help each other by getting into a group.

Give feedback and ask a few students some questions to get them to share their ideas with the class.

〈解答例〉

- I like traveling by train because I can enjoy looking at the scenery while I'm traveling. Trains also have wider seats than planes, and this makes the trip more comfortable.
- I like traveling by plane because I want to arrive at my destination quickly so that I can stay there longer.
