Have you ever had any bad experiences on a trip?

【解答例】

I visited Hawaii with my family last year. We stayed there for three days and had a great time swimming in the beautiful ocean and eating lots of nice food. But on our way back to Japan, I realized at the airport that I didn't have my passport. We all panicked! My dad called our hotel and asked them if they'd found my passport in our room. My mom emptied all our bags and suitcases. Then, my sister noticed something and pointed at the back of my pants. My passport was in the back pocket! I felt such a fool, but my family were all so relieved that they forgave me right away!

Trip to Old York

I traveled to Old York with a friend last summer. We were really excited before the trip, because we were both looking forward to seeing a musical in one of the city's famous theaters. We bought tickets in advance, but when we got to the theater, we found the show had been canceled because the main actor was ill. We were so disappointed! After that, we went to a popular hamburger place nearby, but it was closed. That was another disappointment! We were just unlucky, of course, so we're thinking of going there again soon. We hope we will have better luck next time!
